

## EMPOWERMENT INTERNATIONAL

Yosara

13 years old 5<sup>th</sup> grade

This is my second year taking pictures and my first year I took too many photos. This year, now that I am bigger I learned how to take fewer, but better photos. We have learned the rule of thirds, how to take portraits, and how to use patterns and textures in photos and many other things. I am proud to be in the company of Kathy and I love my friends that are in my class with me.
